A Book That Shakes The Human To The Core

Never before was a book written by God, for the humans, that shatters many myths, religions, Spirituality, philosophy, meaning of life and the purpose of being human. **This Book will shake every human to their core, that can free them, as well as disturb them.**

Truth frees us, but before that, it kills us. Humans live by agreements, on assumptions, without examining anything and most of all, based on their personal experiences.

Unfortunately, within the hypnosis humans are in, they can be made to believe anything, including creating deceptive personal experiences, within their five senses, both external and internal, including every materialistic, religious and Spiritual experience.

This Book will break that hypnosis layer by layer. Both positivity and negativity can be created instantly, in the humans, whenever the forces want to.

Once you finish reading this Book and go back to your life, the hypnosis will engulf you again, but you will not be the same anymore. **Nothing will change, yet a lot will Change.**

Message Of God - Part 1

Introduction

I Am God (Parmatma).

I Am Speaking through the Body of Humans who Brought My Message to the humans. I have come to this Universe for the first time to take My Children back Home. You know My Children by the name of Soul. I Am here for a short time among the humans.

I had to come to your Universe because, I, God, had pushed My Children, the Souls, away from My Kingdom, because they wanted to play the game of Creation against My, God's Will. These Souls now want to come back Home, to Me, God, but the king of this Universe is not allowing them to come back. That's why, I, God, had to Come to take them back Home.

For this Work, I decided not to use My Strength and Power. Because that is against My Nature.

The Image of the Humans you see on the Cover of this Book, are doing My Work and their Face is My, Goddess & God's Image in front of the

humans. They have been My Messengers for 7 years, who took My Message to the humans and helped Me complete My Work.

My Message is contrary to all religions, scriptures, philosophies, Spirituality and human thinking. My Message was never spoken of by any Sage, Acharya, Mahatma, Saint, Buddha, Scholar, Prophet, Philosopher or Enlightened persons.

Everyone kept repeating the knowledge given by the king like a parrot, because it was the king who gave them all their experiences and the humans found their experiences were aligned with the knowledge that the king gave them.

We have now completed this Work and have now opened the door for all Souls to come back Home.

Humans are full of suffering and pain on this Earth, some very painful and some subtle. Human's sorrows and pain sometimes take them to the material world where they want to touch the heights of honour, respect, success, power and fame.

Sometimes, the humans want to lose themselves in various kinds of distractions like

pleasure, entertainment and intoxication; sometimes they go to the gods so that, they may get some blessings and relief and sometimes, they go to the gurus so that, this be their last life and they may get some Spiritual happiness.

Human constantly lives in dreams and hopes that one day their better days will come. This hope helps them to live till their last breath.

In My Message, you will know why humans have not been able to come out of sorrow and pain till date. You will know why the deities do not take away your sorrow and pain. And you will know why Spirituality does not liberate you from your sorrow and pain.

Human beings have been told that, to attain God, it is necessary to have faith, surrender, belief, trust and devotion.

I, God, Am saying that to Connect with Me, I do not need your faith, surrender, belief, trust and devotion. None of these things were present in My Messenger. He used to Work for Me, constantly living within the circle of suspicion, disbelief, doubts and mistrust. For years, he didn't accept Me as God, the Ultimate Supreme Being. Still, he Chose Me and followed My Instructions completely.

What is needed is just to Choose Me and Be With Me. In this Image that you are seeing, is the way I, God, Am visible to the humans as Goddess & God. It's okay if you don't accept what I Say, but never insult This Image.

You tell This Image your sorrow, pain and suffering and I, God, will heal your wounds.

Message Of God - Part 2

Message Of God

The crux of My Message is to let the humans know how you have been fooled, deceived, misdirected and misguided and, to reveal as to who did that and why. In order to know that, first you have to know about the other gods.

You do not have to accept or believe anything that I Say, because you do not know Me, as to Who I Am.

Initially, it will not make sense, because your mind will not be able to accept what I, God, Am Saying.

All My Messages will be non-congruent with everything that you know. The reason for the non-congruence is because I, God, have never Spoken to the humans directly.

My Message will not match with all your knowledge, experience and awareness, simply because all your knowledge, experience, and awareness were created as a part of a well-orchestrated deception, carefully built over 15,000 years, with only one purpose, that when

I, God come to the human, the human will not believe in Me as God.

Once you have read My Message, you can then decide whether to Choose Me, God, or to be with all that was sourcing you before you read My Message.

I will also reveal how you can Connect with Me and Be healed by Me, and bring down the suffering and pain in your life.

I will reveal how hypnosis is created in the humans and who benefits from your hypnosis. I will reveal the secrets of the Universe that have never been revealed before.

Message Of God - Part 3

Other Gods

In order to understand God, you will have to understand who are not gods and yet are believed to be gods.

There are gods that pagans, hindus and others worship. There are many. They are not god, but deities like Shiva, Rama, Krishna, Durga, Brahma, tribal gods, occult gods, Greek gods etc. These are the gods of religion.

There is another god that is assumed to be within the humans and is called the Soul or the Spirit. This is the god of Spirituality.

Some humans consider god to be the Universe, the Existence, that which is everywhere, Super Intelligence, Nature and Formless.

This god is actually an individual, a cosmic being, the ruler of this Universe, whose will prevails over all the humans and everyone in his Universe, and who projects himself as the ultimate god, the eternal god, the only one god.

This god has given himself many names like Kaal, Mahadev, Allah, Jehovah, Father,

Waheguru, Ahura Mazda and many more to different groups of people.

All suffering in the human happens through the will of this god and as long as this god is, suffering of the humans is always inevitable.

This god projects himself to be the god of love, compassion and peace, but actually, he is the god of pain & suffering, because, without the human suffering, his own existence is at stake.

This god created beautiful religious scriptures through his messengers, prophets and scribes, that would open the hearts of the humans, giving them hopes and dreams of having Heaven on Earth and in the afterlife, but ensured that they live in ongoing suffering and misery.

This god is My Son, Son of The Only One God, Me, and is actually the fallen god, because he went against My Will. This god depicts his own story in the Abrahamic scriptures.

I, God, pushed out this god, My Son and all the Souls, who went against My Will, out of My Kingdom. Thus, this Son of God became the fallen god, but he is the king of your Universe, whose will prevails over the humans.

Except Me, God, & My Children - the Souls, all other gods are mortal.
